### THE ENCHANTED TEA HOUSE

Carolina Franco Salazar (5°B)

My name is Jennifer. I am 12 years old and I am at 5th grade, I am tall, brown hair and I have a lot of friends but I just wanted to tell you a little tale, that can teach you that magic isn't that good as you think.

This my second year at school. I am so bored to go again to school, not because friends, teachers or homework, is because the tea house. Is the worst food I ever tasted in my life! The desserts, the soup, the juice and the meat are yucky!

Every month of the year I try to think about an idea to convince my mother to send me sandwich or something good.

I have a friend that has a witch grandma, so I called her to make a spell so the cafeteria make the best food ever, and she agree.

I was so anxious in art class because in one minute we were going to lunch, so I stood up, I got my money and I started to count 10,9,8,7,6,5,4,3,2,1 yeah class is over!

I start to run to be the first on the cafeterias line. The cafeteria woman gave me the tray, and I sat at the table. The food look like if I were in heaven, and then I tasted. Wow! It was a mixture of flavors that I can't explain, I was so happy.

The next day the food was better, and my World of food was wonderful because each day that passed the food became better and better, from the one served the day before.

But one day I was so confused, when I tasted the food it wasn't the same, it was like the yucky food that they served before, so when I went to my house I get the phone and called the witch. She said that because I don't thank her, the good food was over. I complained, and she said that I had to learn to eat all kinds of food.

Now in school the food is the same, but I've learned to eat all kinds of food, and now my life is easier, I don't care about the soup, the meat or whatever they serve me, I just eat it!
